**FINDING OF VIOLATION**

The United States Environmental Protection Agency (U.S. EPA) finds that Wallace Press is violating Section 114 of the Clean Air Act, 42 U.S.C. § 7414 (the Act). Specifically, Wallace Press is violating the provisions which set forth the Administrator's authority to request information which may be reasonably required to carry out any provision of the Act.

**Regulatory Authority**

1. Section 114 of the Act, 42 U.S.C. § 7414, provides that the Administrator (or delegated authority) may require that any person who owns or operates an emission source provide information which the Administrator may reasonably require to carry out any provision of the Act.

**Wallace Press' Facility**

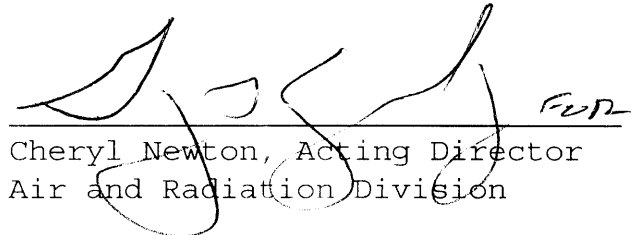

2. Wallace Press owns and operates a commercial printing business at 4600 West Roosevelt, Hillside, Illinois.
3. The Wallace Press facility is an emission source subject to the requirements of the Act, including Section 114 of the Act, 42 U.S.C. § 7414, and any applicable requirements of the federally-approved Illinois State Implementation Plan (SIP).

4. Emissions from Wallace Press' heatset web offset lithographic printing units W25 and W26 are subject to the Chicago Area Volatile Organic Materials (VOM) Rules at Part 218 Subpart H, Printing and Publishing, of the Illinois SIP.
5. On August 14, 2002, U.S. EPA issued a Request for Information to Wallace Press pursuant to Section 114 of the Act, 42 U.S.C. § 7414. The Request for Information required Wallace to conduct VOM destruction efficiency testing to determine whether the facility's lithographic printing operations are in compliance with Subpart H of the Illinois SIP.

#### Violations

6. Wallace Press failed to submit operational data, process data, control device data, facility operations data, and to perform Method 2 as required by U.S. EPA's Request for Information issued on August 14, 2002, in violation of 42 U.S.C. § 7414.
